Share Secure: The safest way to share photos via social networks because private data is never typed at the PhotoBooth. The PhotoBooth prints an exclusive QR code.

The Cloud: A server to control and manage the PhotoBooths and events online. It's Possible to customize the Cloud with owner's look and their corporate logos and capture the email addresses for commercial purposes.

Video Message: Digital Centre PhotoBooths give the user the possibility to record a video message from the PhotoBooth and share it via email and social networks.

MyPhotoCode App: Free application to smartphones from DC. The first social network application for PhotoBooths that allows sharing, voting, and the ability to comment on funny photos.
