Upgraded Software
MORE FUN, MORE PROFIT

WE KNOW IT’S HARD TO CATCH UP ON DC INNOVATIONS
Because we keep upgrading our software with the newest technology, at no cost to you

There are some helping tips on our software latest add-ons:

SmartPrint: Print photos right from your Phone

Mega Strip: 6x16" huge strip. Bigger perceived value, bigger paid value. Now available in many DC PhotoBooths. Check yours out!

Passport ID: In addition to fun photos, ID photos have always been available for curtain closed DC PhotoBooths and a product worth paying a higher price for Standard US, EU photo sizes

Upsells: You’ll get more money. Different printed sizes, different fun or themed frames and extra copies for your loved ones are just one tap away!

Please ask your sales rep which new software resources apply to all DC PhotoBooths

Remote Control

MyPhotoCode gives the owner a complete remote control from anywhere, anytime

It is a tool for managing your entire fleet of PhotoBooths from any distance in real time from a smartphone or the web

AUDITS
Periodic reports of the PhotoBooth and audits in real time (24/7)

PHOTOBOOTHS
The status of the PhotoBooth with alerts, exact location, possibility of allowing Smartphone payments

ALERTS & REPORTS
The most comprehensive data on the current real-time status of the PhotoBooth. Reports on Film stock, revenue and any technical issues (disconnection, printer status, camera, and control board)

EMAILS
Capture your customer’s email addresses for marketing purposes

EVENTS
Manage and customize events to your preference

Promotions

The Promotions Pop Up is a very valuable tool to keep patrons up to date with new seasonal designed frames or special promotions.
The pop-up ensures that the promotional product is displayed first and offers the player special designs and latest trends

This tool keeps the PhotoBooth fresh and new every month for users who always find new products and very current topics, a host of designs adapted to each time of the year

This system increases sales significantly captivating the player from the beginning

Printing Centre

Print your memories, print your events

Printing Centre is the new Britta software feature that allows you to print personal photos of an event and anything the owner wants the simplest way possible. As a professional printing centre, the PhotoBooth can print all the photos stored in a USB in a few minutes

When connecting a USB device the PhotoBooth will allow the desired photos to be selected, and you can print as many copies as you want

* The PhotoBooth needs an Internet connection to use these functionalities
Digital Centre PhotoBooths allows you to share videos and photos instantly from the PhotoBooth through multiple platforms, with Share Secure. The PhotoBooths include the cloud service as an essential part of its added value. As an owner, it is possible to customize its appearance for locations and/or events: malls, museums, parties, weddings… etc.

**LEARN HOW TO CUSTOMIZE THE CLOUD:**

1. **LOGO**  Your logo can be printed on all photos for all the guests
2. **TITLE**  You can customize the title of your choice
3. **PHOTOS**  Guests can download and share their photos through social networks
4. **VIDEOS**  Guests can view, download and share their videos through social networks
5. **GIF**  Guests can download and share a fun animated GIF through social networks
6. **BANNER ADVERTISING**  Add a banner with the advertisement you want and link it to the website of your choice
7. **BACKGROUND**  Customize the background of the cloud with your own designs

**Photos are available on the Cloud for 6 months**
