# DC SELFIE PHOTO MASK will help the industry get back to business!

Provide your clients with unique masks and make money as soon as they step in

## Features

- Plug and Play
- Free Software Upgrades
- Portable Kiosk, great for events, malls, bowling alleys or any static locations
- Free play (Free Mask) or Pay at the kiosk with cash or Credit/Debit card
- Weekly and Monthly Reports with all operations and money collected

## Bonus

- You increase the brand engagement by wearing a custom mask with your Logo
- Your business care for the customers while keeping your brand shining
- Now they can unlock their smartphones with the mask (check features on your SmartPhone)
- Suddenly, patrons keep being recognized with the mask. They can be the coolest person and stand out
- People are required to wear masks, now imagine if you're selling masks that don't hide their face or smiles while wearing it
- Allow your clients to keep smiling while wearing a Mask

\*Patrons take a photo, automatically, at the kiosk. Choose quantity and size, and pay at the Kiosk, cash or credit/debit. Needs an attendant to heat the mask and deliver to patrons (40 seconds heating per mask). Attendant doesn't have access to money.

Heating machine is really hot, so the staff needs appropriate instructions before operating it to avoid any accidents.

*\*\*\* Changes can be made without prior notice. // Shipping dates may vary causing product delays.*
